

Fans Keep Ultima Alive

The Ultima series (created by [Richard Garriott](#)) was revolutionary and has permanently impacted the gaming industry. For many of us, it gave us our first opportunity to explore unknown territory and escape from reality for a while. Naturally this site has attracted many ultima fans, or at least 2D RPG enthusiasts. And it's the fans that have kept Ultima alive through the history of video gaming history.

Thanks to the [Ultima Codex](#) fan network site, they opened a portal to many of the fan projects that allow us to relive the Ultima experience again - often with their own twists and enhancements. Check it the impressive list that is sure to give you many hours of nostalgia and entertainment:
